

The Children's Performing Arts Series hosted "The Magic of Bill Blagg-Live!" in February, 2014. The show was a complete sellout and we found it very easy to promote, using the various materials and resources provided to us by the promoter, Simon Shaw. Bill and his crew were a pleasure to work with. We found them to be friendly, accommodating and flexible. The show itself was delightful and fun. Bill interacted with the audience a lot and was entertaining to both children and their parents. One of our patrons told us that her family had attended a number of our shows and that her children took a vote on the way home and decided that Bill Blagg was their favorite CPAS show thus far!
