

ARCH8 WORKSHOPS

The Arch8 dancers have worked with leading European companies, such as DV8, Itzak Galili, and Ann Van den Broek's WArD/waRD and along with Erik have significant experience giving workshops in partnering, composition, contemporary technique, and site-specific work.

All workshops can be combined with a question and answer session about the European scene, collaborative projects in Africa and the Middle East, arch8's work and advice for aspiring dancers.
